Quarter Ended

For the Year ended

This statement has been prepared in accordance with the Companies (Indian Accounting Standards) Rules, 2015 (Ind AS) prescribed underSection 133 of the Companies Act, 2013 and other recognised accounting practices and policies to the extent applicable. The Company has only one business and geographical segment viz. real estate development and consultancy in real estate in India

Hence no further disclosures are required to be made as per Indian Accounting Standard-108 on "Operational Segments".

The Figures have been regrouped & rearranged where necessary to confirm the figures of the current period. The figures for the quarter ended March 31, 2020 and March 31, 2019 are balancing figures between audited figures in respect of the Year ended March 31, 2020 and March 31, 2019 and the unaudited figures of nine months ended December 31, 2019 and December 31, 2018 respectively. COVID-19 outbreak was declared a pandemic by the World Health Organization on March 11, 2020. The Indian Government on March 24,2020, announced a 21-day complete lockdown across the country, to contain the spread of the virus. The operations of the company, being engaged in the real estate developement and consultancy, are severally affected due to continuance of the lockdown in the area where the operating assets and corporate and registered office of the company are located. The strict lockdown is still imposed in the area till the date of submission of these results. Considering the same, the books of accounts of the company were finalized by the company, with work from home facilities to the concerned corporate team members. The Statutory Auditor were also unable to visit the company to carry out this audit and perform the required audit procedures in usual manner, including but not limited to restrictive verification of entire sets of books of accounts, underlying statements, physical verification of supporting, vouchers, statements, communications and assets etc. Hence the audit was carried out on restrictive basis, based on the limited available documents, management discussions, representations and digital verification of the documents, wherever possible. The Company faced some business interruption on account of the lockdown. The Board is of the opinion that there has been no material change in the controls or processes followed in the closing of the financial statements of the Company. Given the dynamic nature of the pandemic situation, the carrying valuation of the Company's financial assets as at March 31, 2020, may be affected by the severity and duration of the outbreak.; however the Company believes that it has taken into account all the possible impact of known events arising out of COVID 19 pandemic in the preparation of financial results resulting out of fair valuation of these financial assets. However the impact assessment of COVID 19 is a continuing process given its nature and duration. The Company will continue to monitor for any material changes to future economic conditions.
